

## 2011 President's Cup Match Play Competition

The annual match play period officially begins Friday, July 1 and will be completed no later than Sunday, September 18. Each round will last for exactly 8 days. Players are responsible to keep handicaps current and up to date using the RCGA site. All matches shall be conducted on the honor system regarding handicaps. If matches are not played by the deadlines below (and Ian Coffin isn't notified with a reason), a winner shall be decided by coin toss and all decisions are final. If a player is available to play and is repeatedly declined by his opponent, the match will be forfeited by his opponent.
